TUMBLE Protection Case for Apple iPad 10.2 - Blue

The non-toxic EVA case is shock proof and made for the daily stress a tablet is typically exposed to. The handle on the side of the case is cleverly designed for a better grip, but can also be flipped backwards and used as a kickstand.

The raised sides on both the front and around the camera, provides better drop protection.

All buttons are protected, but can easily be operated. All ports are accessible. The cover does not include a front glass.

- Shockproof
- Drop protection
- Easy access to all ports and buttons
- Does NOT include a front glass
