ThinkCentre M Series All-in-One devices offer powerful configurations, space-saving design and enterprise security and manageability features.

ThinkCentre M920z

Smarter
technology
for all

Lenovo

This 23.8" all-in-one has a borderless screen and a new space-saving design which is 17% smaller than the previous generation model. Security features include an optional IR camera for facial recognition, and an onboard TPM chip to enable encryption of all data on the device. There is also a Skype for Business certified camera and mic array for web conferencing, which can be rotated independently of the computer display.

REASONS TO BUY

Connectivity features include an optional 3in1 card reader and DVD burner, 1x USB Type-C and 6x USB3.1 ports including 2 mounted on the side with one port supporting always-on charging of mobile devices.

Optimized for ergonomics, with a TUV certified low blue light mode, intelligent cooling that makes typical operation near-silent, and a fully adjustable stand that's also certified by TUV for Eye Comfort.

1000:1 contrast ratio display makes it perfect for graphic design work. Configure with responsive SSD storage and the Intel Core™ i9 processor.
