MAINSTREAM COMPUTING FOR A VARIETY OF BUSINESS USES

Lenovo V Series desktops offer exceptional value for money, and are available in a range of sizes and performance configurations to meet the varying needs of your workforce.

Lenovo V55t-15API

This desktop is a great choice for refreshing old devices or supporting the needs of an expanding workforce. Behind the modern, professional design, is a desktop built for today's business environment of office productivity and cloud-based apps. Everything works faster and easier with the latest storage technologies, up to AMD Ryzen 5 processor, a self-help software tool, and plenty of USB ports for connecting office peripherals and charging mobile devices.

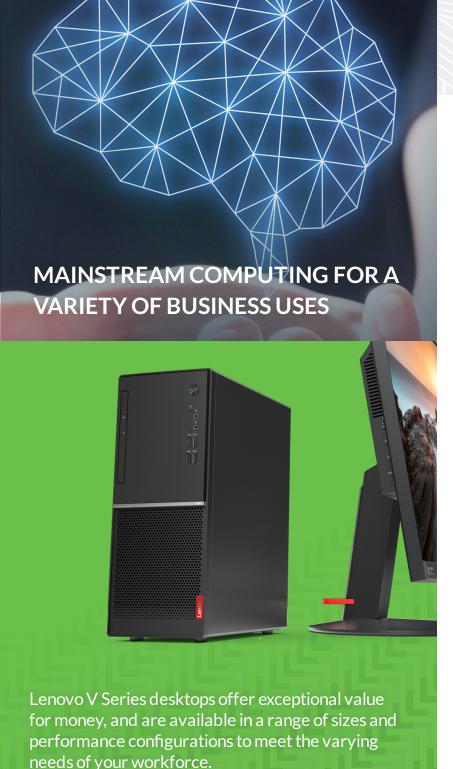

REASONS TO BUY

Configure with M.2 PCIe SSD; it is the fastest storage technology available today, allowing the device to boot faster and enabling instant access to files for enhanced efficiency.

Educate your users about Lenovo Vantage; our app for users to self-service minor issues before asking for technical support. Run device diagnostics, update drivers, remove unnecessary files, and more.

An energy efficient desktop with EPEAT Silver and Energy Star 7.0 certifications.

Lenovo V55t-15API
