With a rapid refresh rate of 144Hz, Acer XZ1 Series shorten the time it takes for frame rendering, lower input lag and provide gamers an excellent in-game experience.

BlueLightShield™

BlueLightShield™

Acer BlueLightShield™ reduces the exposure ratio of blue light, which can potentially cause long-term eye damage, by adjusting color hue and brightness

Curved 16:9

With Curvature of 1800r, Acer XZ1 series give you a more enveloping viewing experience because their screens wrap around you, thus drawing you deeper into everything.
